2010 Model Year Skid Steer Loader Bid Specifications

- Machine Shall Have – Electro/Hydraulic Implement Control RH
- Machine Shall Have – Electro/Hydraulic Hydrostatic Transmission Control, LH
- Machine Shall Have – Hand And Foot Throttle
- Machine Shall Have – 12 Volt Electrical System
- Machine Shall Have – 90 Ampere Alternator
- Machine Shall Have – Ignition Key Start/Stop/Aux Switch
- Machine Shall Have – Lights-Gauge Backlighting
- Machine Shall Have – Two Rear Tail Lights
- Machine Shall Have – Rear Working Lights
- Machine Shall Have – Two Adjustable Front Halogen Lights
- Machine Shall Have – Dome Light
- Machine Shall Have – Backup Alarm and Beacon
- Machine Shall Have – Heavy Duty Battery, 880 CCA
- Machine Shall Have – Gauges
- Machine Shall Have – Fuel Level
- Machine Shall Have – Hour Meter
- Machine Shall Have – Operating Warning System Indicators
- Machine Shall Have – Air Filter Restriction
- Machine Shall Have – Alternator Output
- Machine Shall Have – Engine Coolant Temperature
- Machine Shall Have – Engine Oil Pressure
- Machine Shall Have – Glow Plug Activation
- Machine Shall Have – Hydraulic Filter Restriction
- Machine Shall Have – Hydraulic Oil Temperature
- Machine Shall Have – Park Brake Engages
- Machine Shall Have – Adjustable Air Suspension Cloth Seat
- Machine Shall Have – Control Interlock System, When Operator Leaves Seat or Armrest Raised
- Machine Shall Have – Hydraulic System Disables
- Machine Shall Have – Hydrostatic Transmission Disables
- Machine Shall Have – Parking Brake Engages
- Machine Shall Have – ROPS Cab, Enclosed, A/C Heat, Tilt Up
- Machine Shall Have – FOPS, Level 1
- Machine Shall Have – Top and Rear Windows
- Machine Shall Have – Floor Mat
- Machine Shall Have – Interior Rear View Mirror
- Machine Shall Have – 12V Electric Socket
- Machine Shall Have – Horn
- Machine Shall Have – Tier 3 Compliant
- Machine Shall Have – Diesel Engine
- Machine Shall Have – 90 Net Horsepower @ 2500 RPM
- Machine Shall Have – Electric Fuel Priming Pump
- Machine Shall Have – Glow Plugs Starting Aid
- Machine Shall Have – Liquid Cooled Direct Injection
- Machine Shall Have – Air Cleaner, Dual Element, Radial Seal

- Machine Shall Have – S-O-S Sampling Valves, Hydraulic Oil
- Machine Shall Have – Filter, Spin On, Hydraulic
- Machine Shall Have – Filters, Bayonet-Type, Fuel and Water Separator
- Machine Shall Have – Hydrostatic Transmission, 2 Speed
- Machine Shall Have – Four Wheel Chain Drive
- Machine Shall Have – TIRES, 12 x 16.5 14PR Extreme Duty
- Machine Shall Have – Engine Enclosure-Lockable
- Machine Shall Have – Extended Life Anti-Freeze (-37C, -34F)
- Machine Shall Have – Machine Tie Down Points (4)
- Machine Shall Have – Coupler, Hydraulic
- Machine Shall Have – Support, Lift Arm
- Machine Shall Have – Hydraulic Oil Level Sight Gauge
- Machine Shall Have – Radiator Coolant Level Sight Gauge
- Machine Shall Have – Radiator Expansion Bottle
- Machine Shall Have – Heavy Duty Hose's
- Machine Shall Have – Hi-Flow Auxiliary, Hydraulics, Continuous Flow, 4000 PSI, 33 GPM
- Machine Shall Have – Heavy Duty Flat Faced Quick Disconnects
- Machine Shall Have – Split D-Ring to Route Work Tool Hoses Along Side of Left Lift Arm
- Machine Shall Have – Electrical Outlet Beacon
- Machine Shall Have – Belly Pan Cleanout
- Machine Shall Have – BELT, SEAT, 2"
- Machine Shall Have – Ride Control
- Machine Shall Have – Self Leveling Bucket
- Machine Shall Have – 71" GP Bucket W/Bolt on Cutting Edge

**** Equivalent equipment may be substituted.**
